CLIENTS SOCIAL MEDIA HANDLES

CLIENTS SOCIAL MEDIA HANDLES

CASE STUDY 1

Kayganics: Natural Skincare Brand

Objective: To build a consistent, engaging, and product-focused social media presence for Kayganics, a natural skincare brand targeting health-conscious Nigerian women, men and their kids.

Strategy

- Developed a weekly content calendar focused on:
 - “Skin Tip Tuesdays” (educational reels)
 - “Behind the Brand” stories
 - Product tutorials and testimonials

CASE STUDY 1

Kayganics: Natural Skincare Brand

- Designed high-quality visuals using Canva and CapCut
- Conducted audience research to align brand voice with customer expectations
- Introduced hashtag and engagement strategies to improve discoverability

Key Actions

- Created over 60 branded posts, including carousels, reels, and stories
- Managed product launch content for 3 new skincare items
- Analyzed insights weekly to refine posting times and content types
- Coordinated with the CEO to align posts with marketing and promo campaigns

CASE STUDY 1

Kayganics: Natural Skincare Brand

Results

- +1,200 new followers in 3 months (organic growth)
- Engagement rate increased by 65%
- Product-related posts saw 2x higher saves and shares
- Led to a 20% increase in DMs about product orders

Tools Used

Canva · Photoshop · CapCut · Meta Business Suite · Instagram Insights · Google Sheets
(Content Calendar)

CASE STUDY 2

University of Excellence : AI Webinar Campaign

Objective: To increase awareness and drive registrations for an AI webinar by positioning the University of Excellence as a trusted platform for professionals, business owners, entrepreneurs, and ministry leaders looking to learn practical AI skills.

Strategy

- Developed a content calendar leading up to the webinar
- Created educational posts, countdown graphics, and promotional videos
- Used storytelling and value-driven content to build interest

CASE STUDY 2

University of Excellence : AI Webinar Campaign

- Launched targeted Meta Ads to reach professionals, entrepreneurs, and AI enthusiasts
- Optimized content based on audience engagement and campaign performance

Key Actions

- Designed webinar flyers and promotional creatives using Canva
- Wrote captions and promotional copy across social media platforms
- Created short-form videos to explain the value of attending the webinar
- Set up and monitored Meta Ads to drive registrations
- Responded to enquiries and encouraged sign-ups through comments and direct messages
- Tracked campaign performance and adjusted creatives and messaging where needed

CASE STUDY 2

University of Excellence : AI Webinar Campaign

Results

- Generated a strong number of webinar registrations through organic content and Meta Ads
- Achieved an impressive attendance rate on the webinar day
- Increased engagement across social media leading up to the event
- Helped position the University of Excellence as a trusted AI learning platform
- Created continued interest in future AI training programs

Tools Used

Canva · Meta Ads Manager · Meta Business Suite · CapCut · ChatGPT · Google Forms · Instagram

Insights · Facebook Insights

CLIENT WINS

- Managed a 30-day campaign that outperformed the previous quarter's engagement metrics by 3x.
- Created content that led to a viral reel with over 20,000 views organically.
- Boosted brand awareness by 50% through collaboration with local micro-influencers.
- Reduced content turnaround time by 40% using streamlined content planning and design workflows.
